Al Tearney, president of the

Western league has adopted a wise procedure in fining Manager Kel-leher and Player Connolly of the St. Jos-ph club \$100 for their attack on Umpire Lipe last week, and in allowing the players to re-turn to the game. With Kelleher and Connolly, shortshop and second baseman, respectively, out of the game, the Drummers were seriously crippled, as shown by seriously crippied, as shown by their play against the Sioux City Packers, who took three out of four games from them, and their return will again place the Drum-mers in the running.

It is the fans and club who suffer when players are kept out of the game, and not the players. By taking their money, President Tearney can instil a greater respect for the umpires in the hearts of Kelleher and Connelly. (and other players), and also give the club and fans of that city a fair show.
